

## Extraordinary Gifts

You may want to enlarge this outline of a gift and write down the ordinary and extraordinary gifts your child or student has on the outside. Print a copy of it, place inside an actual box, and wrap the box. You could use this in a couple different ways:

1. Give it to your child or student. This will be a wonderful present for them, recognition of their unique gifts!
2. Bring it to your next IEP meeting. Have enough copies of the list of gifts for everyone at the meeting. Pass the gift box around and each person can take out a copy of the student's gifts. This sets a positive tone for the meeting!
